Can your **Current MSP** say the same?

NeLore was there when we really needed them. We are now able to concentrate on what we do best while NeLore does what they do best, keep us up and running.

In these **UNCERTAIN TIMES**, working with an IT provider who is always there for you is **ESSENTIAL.**

STAYING SAFE AND HEALTHY DEALING WITH COVID-19 IN THE WORKPLACE.

Avoid in-person meetings. Use online conferencing, email or the phone when possible, even when people are in the same building.

Unavoidable in-person meetings should be short, in a large meeting room where people can sit at least six feet from each other; avoid shaking hands.

Eliminate unnecessary travel and cancel or postpone nonessential meetings, gatherings, workshops and training sessions.

Do not congregate in work rooms, pantries, copier rooms, or other areas where people socialize. Keep six feet apart when possible.

Bring lunch and eat at your desk or away from others (avoid lunchrooms and crowded restaurants).

Avoid public transportation (walk, cycle, drive a car) or go early or late to avoid rush-hour crowding on public transportation.

Limit recreational or other leisure classes, meetings, activities, etc., where close contact with others is likely.

COVID RELATED SCAMS TO BE AWARE OF

Investment “opportunities” that really are too good to be true.

Loan offers with an upfront fee... but the loan never materializes.

Clone emails that seem to come from reputable businesses, but don’t.

Cyber criminals using people’s social media accounts to help with hacking their email.
